

Consider a Baby Shower this year for your Holiday Gift Giving!

Right here in Lincoln, there are over 42,000 individuals living below the poverty line struggling to make ends meet. Often times generous community members will get their work group or department together in the winter months to give back in some way to the community. Without the thoughtfulness of these groups, it would not be possible for agencies like Community Action to help struggling families meet their basic needs.

This year we are finding that our new families are really struggling with basic supplies to care for their new little bundles of joy. Please help us stock our shelves with vital supplies for new families. Consider hosting an office baby shower. How does it work? Get a group of your co-workers together for a baby shower, and tell them that you are registered with Community Action (see list of needs below).

Then simply celebrate! Enjoy some cake or cupcakes and punch, play some games, and help our communities neediest families prepare for their newborn children.
